## Profesional Profile

I am a motivated and passionate artist with a proven ability to develop high quality design. I adapt quickly to new solutions, enjoy team work and have a rapid understanding of the project mission, vision and values. Im looking for an opportunity to work with a team of qualified, diverse team who will help to develop my experience and career. I love working on all different kinds of projects, from web design to 3D. If I see something cool I want to try to do it too. I love learning new things that can help me improve myself as an artist. As a generalist, I have worked in a lot different projects that gave me the tools and experience to be good at what I do. That's exactly what I do, everything.
